Organizations are appointing CTOs to develop technology strategies and to lead technology innovation. Enterprise architecture and technology innovation leaders aspiring to become CTOs can use the attached job description to develop their skills, whereas CEOs and CIOs can use the Tool to hire CTOs.

When to Use

Use this chief technology officer (CTO) job description to hire a new CTO or define the CTO role and its responsibilities in an end-user organization. Because the precise focus of the CTO role depends on the organization's digital business needs, we recommend leveraging Gartner's four CTO personas to help you decide what type of CTO is the best fit for your organization.
